PROJECT J

ACADEMIC SCOPE

Personally experience the strong academic atmosphere and feel the learning environment in China. This kind of environment will stimulate the motivation for learning and the yearning for knowledge.

ENHANCE PRACTICAL CAPABILITIES

Students can participate in some practical projects and scientific research activities, operate experimental equipment with their own hands, collect and analyze data, so as to improve their practical operation ability and the ability to solve practical problems.

EXPLORE THE MAJOR

Through means such as communicating with professional teachers and students, one can gain an in-depth understanding of the research content, curriculum arrangements, employment prospects and other aspects of various majors.

EXTEND ONE'S NETWORK

There is an opportunity to get to know professors, experts, postgraduate students and undergraduate students in universities. It is also possible to expand the interpersonal relationship network, which will have a positive impact on students' future study, further education and career development.

MIT
PROJECT J

Knock down cultural barriers

Build sincere friendships with peers from across the world

OUTDOOR EXPANSION TRAINING

- ◇ WILDERNESS SURVIVAL GAME
- ◇ DIY YOUR EXCLUSIVE VCR
- ◇ MARINE COMPETITIVE EVENTS
- ◇ **MINI OLYMPIC GAMES COMPETITION**

**LEARN WHILE PLAYING,
HAVE FUN WHILE LEARNING.**

Has your child ever eaten authentic Chinese food?

Does your child have an understanding of Chinese culture?

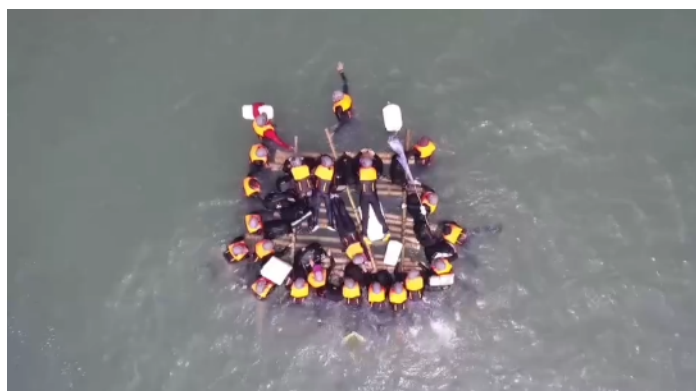

MARINE COMPETITIVE EVENTS

There will be more than twenty kinds of marine events for competition, and participants will be divided into groups among multiple countries.

DIY A BAMBOO RAFT

Using tools such as buckets and bamboo tubes, collaborate as a team to make bamboo rafts by yourselves. Then have a competition among groups to see which group will be the first to reach the finish line.

MINI-OLYMPICS COMPETITIONS

We've hired professional coaches to divide students into groups. The competition unfolds on a group basis, featuring various events like golf, football, badminton, and kayaking. Here, every student can discover a stage that truly belongs to them.

SIMULATE THE 'WAR'

It's just like being in a real battlefield shrouded in gunpowder smoke. In this multiplayer combat, it presents a great challenge to leadership and team collaboration. Let's fight side by side on the battlefield and jointly create unforgettable memories.

FELL TREES TO BUILD A HOUSE

Under the guidance of professional instructors, you will take up an axe and build a house, thus enhancing your practical ability. These precious skills will enable you to face all kinds of challenges with greater calmness and confidence.

WILD CAMPING

Break free from the shackles of life and embrace the tranquility and grandeur of nature. From unfolding the tent cloth, to fixing the tent pegs, and then adjusting the guy ropes. Measure the world with your footprints and embrace nature with your heart.

GATHER SEAFOOD WHEN THE TIDE EBBS

Explore the treasures of nature, personally experience the changes of the tides, the coolness of the sea water, and the various creatures on the beach.

SEAFOOD GRILL

Taste the local special delicacies. They are fragrant, savory, spicy, embracing all the five basic tastes. Once you have a bite, you'll be drawn deep into the whirlpool of this unique deliciousness.

BONFIRE PARTY

Let's hold hands and sing together around the campfire with our friends from other countries. This is a wonderful opportunity for the classmates to showcase their own elegant demeanor. There will be music, dancing...

HOMESTAY

Board with a Chinese family

Join a local family
Have an in-depth understanding
of the local culture.

Learn Chinese better

It creates a natural language learning environment for students. They can exercise their listening and speaking abilities in foreign languages through daily communication, improve the fluency and accuracy of their language expression, which is helpful for cultivating practical language skills.

cultural exchange

It provides a window for students to have an in-depth understanding of the local culture. Through communication and interaction, students can personally come into contact with and experience diverse cultures, enriching their knowledge of different cultures.

broaden one's horizons

Get exposed to new concepts and ideas, broaden one's horizons, break the mindset, cultivate the ability to view problems from different perspectives, enhance the openness and flexibility of thinking, and develop a global vision and cross-cultural communication skills.

make friends

Increase interactions and build deep affection. It is possible to visit local scenic spots, participate in activities and explore interesting places, which helps to better adapt to the new environment. It is also an opportunity to expand one's interpersonal network.

EXCLUSIVE FOLLOW-UP SHOOTING + LIVE BROADCAST

**Record every move,
and the traces of growth are clearly visible.**

> Witness every moment of transformation.

Children are experiencing growth and transformation every day during the summer camp. Our professional team of photographers will be by the children's side at all times. With a keen perspective and superb skills, they will capture the children's innocent smiles.

> Rich and diverse recording perspectives

Every child is unique. Therefore, the follow-up shooting service also makes every effort to be diversified. We will also capture the interactive scenes of children in their collective life, enabling parents to clearly see how their children perform in a team.

> Bring a reassuring experience to parents.

Our follow-up shooting service enables parents to keep track of their children's dynamics in real time, so parents don't have to worry about missing out on their children's growth.

> Create an exclusive treasure trove of memories.

After the summer camp comes to an end, these images are not only a review of the summer camp life, but also a precious testament to the children's growth journey. When looking back on them years later, those wonderful memories will still be vividly remembered.
